WETASKIWIN, ALBERTA, THURSDAY, MAY 19, 1932

V. C. French, Publisher

## Reminiscences Related to Kiwanians by Member

At the regular Kiwanis meeting at the Driford on Tuesday evening, Kiwanian C. C. Watson gave a preliminary report concerning arrangements made to date about the proposed girls' camp to be held at Pigeon Lake in July. It was decided to withdraw next week's meeting, since in the ordinary course it would come on the evening of May 24th.

Kiwanian A. S. Rosenroll, who came here in the early 90's, gave a very interesting address on the subject "Reminiscences of the Early Days in Wetaskiwin." He spoke of leaving Europe because it was overpopulated. He arrived in Winnipeg, made enquiries there, then he got a ticket to Strathcona with a stopover privilege. He stopped off at Brandon, Balgonie, Regina, Moosejaw and finally reached Calgary, then a small town. There was one train a week from Calgary to Strathcona and Kiwanian Rosenroll took the first train north. With the exception of a C.P.R. publicity agent, he was the only passenger. He stopped off at Wetaskiwin, then a small hamlet of about 30 people. Mr. John West's store was carrying on and Mr. A. R. Dickson's store was being built. The Driford Hotel was run by Jerry Boyce, with Bob Edwards (later editor of the Calgary Eye Opener) as bar tender. Mr. Rosenroll was so taken with the Wetaskiwin district that he decided to go no farther. He shortly after purchased a number of cattle and hogs at a cheap price and started ranching. He described having 80 hogs butchered at one time, and all he could get for them dressed was 25¢ per lb., so he bought a sausage machine and had them made into sausages and cured hams, when they brought him 10¢ a lb.

He outlined the steps taken to establish a creamery to serve the Wetaskiwin district. A petition was prepared and circulated among the farmers who had cows, and this petition was sent to the Government at Regina. The farmers agreed to put up the building, the government agreed to equip it and to get repaid out of the output of the Creamery. Townspeople as well as country people subscribed money to get the enterprise started. Mr. Rosenroll was the first manager. The venture was successfully launched, the subscribers were after a few years repaid the money they had put up with 8 per cent interest. Then the management changed, the concern became involved in debt and finally passed into private hands.

The celebrated Bob Edwards and his paper "The Free Lance" were referred to in passing.

The speaker touched on general conditions in the early days of the district. Everyone had three meals a day and enjoyed good health. There was small chance to borrow money and get into debt because there were no banks and no loan companies. The people were like one happy family. Taxes were low, law and order were observed. There was one policeman, a member of the R.N.W.M.P., stationed in Wetaskiwin to serve a district extending from the Saskatchewan border on the east to the Rocky Mountains on the west, and from Ledon on the north to Ponoka on the south.

In 1896 Mr. Rosenroll was appointed a J.P., and in graphic language he described one of the interesting cases that came before him shortly after his appointment, which involved a number of his fellow townsman. He fined them \$5.00 each and personally put up the money and sent it to Regina.

He was a member of the Legislative Assembly of the Territories in 1901 when the Duke of York (now King George) visited Calgary, and on the reception committee. He was also a member of the reception committee on the occasion of the visit of Prince Arthur of Connaught to Edmonton in 1906, and his recital of the anxious times the committee had in preparing to give proper reception to Royalty was extremely funny.

Visitors at the meeting were Kiwanians Thornton Graham and M. C. McCallum of the Edmonton Kiwanis Club.

This looks like a good year for mosquitoes. They are not bad yet but they are working according to plan, and are getting reinforcements daily from the sloughs. Some people prefer billiards, but a good crop year is generally featured by mosquitoes. Independent.

### 22 MONTHS OLD LINDBERGH BABY BRUTALLY MURDERED

Hopewell, N.J., May 13.—The Lindbergh baby is dead; murdered brutally.

They found the body—it was hardly more than a skeleton—late yesterday afternoon. A negro truckman pushing his way through thick brush of the Sourlands—not five miles from the Charles A. Lindbergh estate—made the discovery.

Police were called. Identification was confirmed. A baby hunt, cautious and painstaking, was ended; a man hunt, wide-ranging and intense, swept forward in its place.

Discovery of the child's skeleton was made by William Allen, negro truckman. His truck, driving along the Hopewell-Mount Rose highway, had halted, and Allen had left it to enter the woods.

Brush and undergrowth blocked his path. He stepped and pushed it aside.

Beneath the brush, underneath a layer of rotting leaves lay the body of Charles Augustus Lindbergh, Jr., only child of Anna, daughter of the late Senator Dwight W. Morrow, and Charles Lindbergh.

Clinging to the decomposed body was a weathered blanket that had kept the body warm that night of March 1, when his nurse tucked him into his crib. These shreds of baby clothing were identification enough; these and the matted, curly blonde hair.

A compound fracture of the skull caused death. The murder evidently was done very soon after kidnapping, probably within an hour. A mad man apparently, mused either by an intense hatred or an overgrown fear, struck the child dead. Physicians described it as a "terrific blow."

### WETASKIWIN TEACHERS' SALARIES HAVE BEEN CUT

At a meeting of the Wetaskiwin Public School Board held recently at which all members were in attendance, the matter of salaries was considered, and it was unanimously agreed that the maximum salaries of teachers on the Wetaskiwin High School staff for the ensuing year be as follows: Principal, \$2300; Vice-Principal, \$1700, and four assistant teachers, \$1500 each, and eight all public school teachers have their salaries reduced by 10 per cent. All the teachers have been notified by registered letter of this action, and they have been requested, if they so desire, to send their applications for re-engagement before July 1st, when such applications will be duly considered by the Board.

### 254 MORE NUDISTS ARRESTED IN B.C.

Nelson, B.C., May 15.—The Doukhoboi population in the Nelson Jail was increased by 254 this afternoon when police officers brought truckload after truckload of Sons of Freedom who this afternoon appeared in the nude at Thrums. The disturbing was staged in the orchard where last Sunday, after the Sunday before hundreds of Doukhobois were arrested for parading nude.

### SCHOOL FAIR EXHIBITS MUST BE ENTERED BY JULY 4

An important change has been made in the matter of school work exhibits, and all those entering the School Fair to be held in Wetaskiwin, as well as the Fair to be held at Millet, must have their entries in the hands of the Fair secretaries, Godfrey Barker, of Wetaskiwin, and Edgar Moore of Millet, not later than July 4th. All work in classes 94 to 126, in the bulletin, must be completed by June 30th, tagged and placed in the hands of the secretaries, not later than July 4th. During the summer, the judges will assign prizes and return the work to the secretaries. The teachers can then obtain it, and place it all on exhibition at the Fair. This change of arrangements should be quite satisfactory, as it will mean that there will be better work, less rush and more careful judging.

Only about five per cent of the potential oil land in Alberta has been tested, according to expert opinion. Several Wetaskiwiners are in Edmonton this week, attending the Provincial Musical Festival.

## Town Topics

W. S. English spent the week-end in Edmonton, visiting his daughter, Mrs. Frank Kingzett.

Mrs. Olstad of Thorby, spent a few days of the past week visiting at the home of Mr. and Mrs. J. Olstad.

Business Girls meeting Thursday at 8:30 p.m. in the Driford club rooms. All are requested to be on time.

There are several cases of measles in the city, and the doctors are doing their utmost to prevent an epidemic. The friends of Mrs. Blackwell, who recently underwent a serious operation, are pleased to see her around again.

The host of friends of Mrs. J. C. Shillabeer, who has been critically ill in an Edmonton hospital, are glad to learn that her condition is improving.

Extensive alterations and improvements are now taking place at the Northern Drug Store. When this work is completed, this store will, among other improvements, have an up-to-date show window.

At a meeting of the executive of the Wetaskiwin Board of Trade held recently, it was decided that no luncheon would be held during the month of May. An effort is being made to hold a country meeting in June.

Mr. and Mrs. Emil Recknagle announce the marriage of their young daughter, Geneva Alberta, to Harrison Edgar Burkholder, son of Mr. and Mrs. J. E. Burkholder, the marriage taking place April 29th, at Edmonton.

Mr. and Mrs. Victor Scott have moved into the residence at the corner of Beatrice street and Thistle Ave., and Mrs. Mary Morris and family of Edmonton, are now occupying the residence on Beatrice street just vacated by Mr. and Mrs. Scott.

The following Wetaskiwin High School teachers have been appointed to mark examination papers in Edmonton: Miss J. McLean, Lit. 3; Miss B. Lawrence, Hist. 3; Miss A. Irvine, French 3 and 2; Mr. T. Fletcher, chairman of the sub-examiners marking Geography.

A counterfeit ten dollar bill was passed at a local store recently, probably from the same source as those that were picked up in Edmonton and Vegreville. Local merchants are asked to be on the lookout for such bills and for "quarters," that are reported to be in circulation in some parts—Canadian.

Next week will be observed as Empire Day and Peace Day. Chapter I.O.O.F. is sponsoring a campaign and urging all citizens to use Empire goods, especially those produced in Canada. The merchants are co-operating by making special displays during the week. The slogan of the I.O.O.F. is "On Empire Day, use Empire food stuffs only."

The Edmonton Bulletin in its issue of Friday last, under the heading, "Thirty Years Ago" published the following very interesting paragraph: "Wetaskiwin held its first town election, A. R. Dickson was elected mayor by acclamation. The councillors were A. H. Finch, D. MacEachern, J. C. McKay, John West, George Wallace, S. B. Talbot."

Opening meeting of a special selective membership campaign of the B.P.O.E. was held last evening at Saskatoon lodge No. 12 under the direction of P. A. Miquelon, grand organizer of the Elks. The largely attended meeting showed considerable enthusiasm over plans for increasing the membership of the local lodge by at least 100.—Saskatoon Star-Phoenix.

### RUSSIA BUYING CANADIAN WHEAT

The international wheat trade was rather surprised at the action of Russia. Rumor is now going into the market for the purchase of several million bushels of wheat for shipment to the Far East. Most of the wheat purchased so far is Alberta wheat taken from Vancouver. The rumor is the this wheat is needed for food for Russian armies concentrated in the area contiguous to Manchuria. It is generally accepted that Russia is in rather a serious plight so far as wheat supplies are concerned in certain areas where there were crop failures last year. While shipments from Russia's Black Sea ports have virtually ceased for many weeks.

### THIEF CAUGHT AND ON WAY TO PRISON THREE HOURS AFTER OFFENCE

Red Deer, May 14.—The crime was committed at 4:15 Thursday evening, and by 7:30 in the evening, Walter Glass, transient, had been apprehended, tried, sentenced, and put on the train for Fort Saskatchewan to serve a year for theft.

The story is that Glass had seen a young German, Anton Hauss, drop a \$10 bill in a beer parlor, while counting his \$80 roll. The transient got on Hauss' good side, gave him two beers, and invited him to see a horse, all on a Thursday afternoon. At the tie-shop, Glass snatched the wallet. The German chased after him, yelling. Others heard, and Dr. A. R. Cameron and Jack Choate nabbed the fugitive.

### Obituary

JOHN J. RIX  
Just as we go to press we learn that John J. Rix, one of Wetaskiwin's old timers, passed away in the Wetaskiwin hospital. We understand he is in his eighty-seventh year. No funeral arrangements have yet been made.

### FAREWELL PRESENTATION

Mr. and Mrs. R. G. Barnhill were the guests of honor at a surprise party held at the home of Mr. and Mrs. John Beatty on Thursday evening. Most plentiful to their departure for Lethbridge.

Mr. Barnhill has been telling in the local branch of the Bank of Montreal for the past three and a half years, and in addition to being an efficient and courteous employee of the bank, he takes an interest in affairs outside, particularly hockey and curling. Mr. Barnhill has also been a resident of Rimby for three years, and with Mr. Barnhill, has made many friends in town and district.

The timoness, manager, in appropriate terms, voiced the regret of the attendance, at losing Mr. and Mrs. Barnhill, but while expressing this regret, all joined in wishing them every success in their new home. As a token of regard and friendship, the guests presented with a mahogany tea wagon. Mr. Barnhill, although taken by surprise, replied, suitably, expressing his own and Mrs. Barnhill's thanks for the gift and for the very kind thoughts accompanying it. They would always recall with pleasure the friendships formed at Rimby.—Record.

### INSTITUTE NOTES

The regular meeting of the Wetaskiwin Women's Institute will be held in the Club Rooms on Thursday, May 26th, at three o'clock. The program will be in charge of the grandmothers of the Institute, and a special invitation is given to all grandmothers who have ever been members of the Institute to come.

The April class was in charge of Mrs. Frank George, convenor of Education and Better Schools. Rev. Schrag was the speaker and gave a splendid address on the progress of Education. Miss Ethel Sharlow sang "Sleepy Hollow Tune" very pleasingly accompanied by Miss Florence French, and Little Miss Ruth Rodell recited "The Goose that laid the golden egg," and the Misses Thompson played a piano duet, thus concluding a very pleasant program, after which Mrs. James Thompson and Mrs. A. H. Liverdige served a delicious tea.

### PUBLIC HOLIDAY

As May 24th, Victoria Day, is a public holiday and all places of business in Wetaskiwin will be closed all advertisers are requested to have their change of advertisement in The Times office Monday afternoon, thereby assisting the staff in getting next week's paper out on time.

A large gypsum deposit in the Peace River valley, Northern Alberta is estimated to contain one million tons.

## Town Topics

Mrs. T. T. Beltsheim and Mrs. G. E. Rans are visiting friends in Camrose this week.

Constable Crouse, who has been laid up for some time from effects of the flu, has again resumed his duties.

The tennis season is in full swing. Have you joined the Tennis Club? See Ruby Beye or Florence Recknagle for particulars.

Mr. George Tanton and Mr. R. H. Mills of Seidewick, were visitors at the home of Mr. and Mrs. C. E. Compton on Sunday.

The Walin Studios announce an interesting contest for each week of the summer months. See their advertisement on the back page.

The annual meeting of the Wetaskiwin Sports Association will be held this (Thursday) evening in the City Council Chamber at 8 o'clock.

The many friends of W. G. McElroy, who suffered a severe accident several weeks ago, are glad to learn that he was able to return home on Wednesday last.

Mrs. Dewey Soper, who has been visiting her parents, Mr. and Mrs. D. Wagar, and other relatives and friends in the Wetaskiwin district, returned last week to her home in Seattle, Wash.

J. J. Maloney held a public meeting in the Elks' hall on Saturday evening, while on Monday afternoon, a meeting for ladies only was held and in the evening, he addressed a meeting for men only. All meetings were largely attended.

Mr. and Mrs. A. McFarlane moved to Edmonton last week, where Mr. McFarlane has secured a good position. Their host of friends here regret their departure, and all join in wishing them every success for the future.

The many friends of Miss Monica Weller, nurse in training at the Misericordia Hospital, are pleased to learn that she was successful in passing her recent examinations, thereby receiving her R.N. degree. Miss Weller graduated May 19th.

A large number of our readers will be sorry to learn that arrangements are now complete for the Rev. A. Tendell, vicar of St. Thomas' to be inducted into the living at Wetaskiwin. He is due to leave Wainwright about July 1st according to latest reports, and all will be truly sorry to see him go from this corner, where he has endeavored himself to all during his several years stay here.—Wainwright Star.

Among the graduates at the University of Alberta are the following Wetaskiwin students: Walter A. Orr, B.Sc., in Electrical Engineering; Kenneth Brown, B.A., who received a diploma in School of Education, and Herbert C. Anderson, who received a diploma in Pharmacy, and was also awarded the Alberta Pharmaceutical Association gold medal. Norma Baker formerly of Wetaskiwin, received her B.A. degree. Andrew Schrag, of Wetaskiwin, B.Sc., and O. Buchanan, formerly of Wetaskiwin, received a diploma in School of Education.

Mr. and Mrs. Dewey Soper were visiting Mr. and Mrs. Wm. East, Mrs. A. P. Moan and other relatives and friends during the past few days. Mr. Soper is en route for Fort Smith, where he will spend the next eighteen months, in the employ of the Federal Government. Mr. Soper's most notable work in the far north was the discovery of the nesting grounds of the blue goose. He obtained valuable information concerning this bird in the barren lands, and made an exhaustive report to the Department of the Interior. This put him in the front rank of Canada's naturalists. Mrs. Soper intends to spend the summer with relatives and friends in Alton in Manitoba's wheat crop is now in the ground. Saskatchewan claims 72 per cent and Alberta 63.

Some of our correspondents are proceeding, with 25 per cent of oats under cover and Manitoba in the lead. The seeding of barley is anywhere from 5 to 25 per cent chiefly in Manitoba.

Where wheat is above ground it shows even germination and is of excellent appearance, states the report gleaned from Canadian Pacific agents over all western lines. Slight decrease in wheat acreage is balanced by increased seeding of coarse grains, sweet clover and other feed crops. Higher temperatures have hastened the growth of grass and livestock is already finding improved grazing.

## Site for New Hospital Decided Wednesday Evg.

### NEW POLITICAL PARTY ENTERS ALBERTA FIELD

Drumheller, May 12.—With an appeal for support from all citizens opposed to the present government of Premier John E. Brownlee, a new political party for Alberta has been launched.

Alms of the organization which will not only seek to out the present government but to put an end to the party system of government were outlined here Wednesday night by F. C. Moyer, independent member of the legislature for Drumheller.

Charging that the present United Farmer administration was a "one man government," Mr. Moyer said "one man—and certainly not Mr. Brownlee—can not do the work of seven and do it efficiently." It was impossible to get action out of the government, he said, there was needless delay and procrastination in public affairs.

The government had made excessive expenditures and had failed to devise a constructive plan of unemployment relief and to do anything for the farmers.

The new organization will be called the "provincial party." Should it elect members to the house they would not be bound by a party platform or by loyalty to the government if in power. Each member would be free to take the course he considered best. This would entail abolition of the rule which requires a government to resign if defeated on a government measure.

While the new movement seeks to enlist the support of persons of varying views, Mr. Moyer declared it has no alliance with Liberals, Conservatives, Labor or Farmers. Neither was it directed against the United Farmers of Alberta as an organization, but simply against the Brownlee government.

### BRIDGE PARTY IN HONOR OF DEPARTING BANK EMPLOYEE

Miss Norma Chiddy entertained at bridge on Monday evening last for Mr. Dick Mavor prior to his departure for Eckville, where he has been transferred.

Honors went to Miss Jean Walker and Mr. H. Burkholder, while Miss Elsa Mitchell and Mr. R. B. Hopgood received consolation prizes.

The guests included Mr. and Mrs. H. Burkholder, Miss Helen Switzer, Florence Recknagle, Jean Walker, Elsa Mitchell, Doris Hauss, Florence Walker, and Messrs. Langau, R. Hopgood, J. Ellison, R. Mavor, C. Asp and M. Merner.

### TEN PER CENT SLASH FOR CIVIL SERVANTS

Ottawa, May 16.—As an economy move, the House of Commons today gave final passage to the bill that slashed 10 per cent off civil service salaries and the seasonal indemnities of Senators and members of Parliament.

Another measure, levying a special income tax of 10 per cent against judges, army and naval men and the Royal Canadian Mounted Police, was given second reading. These classes were exempted under the former bill.

### WHEAT SEEDING SHOWS PROGRESS

Winnipeg, May 15.—With warmer weather and generally favorable conditions, everything points to normal development of the western wheat crop. The weekly report submitted to the government by the Canadian Pacific Railway Saturday states seeding operations were uninterrupted during the week and 95 per cent of Manitoba's wheat crop is now in the ground. Saskatchewan claims 72 per cent and Alberta 63.

Some of our correspondents are proceeding, with 25 per cent of oats under cover and Manitoba in the lead. The seeding of barley is anywhere from 5 to 25 per cent chiefly in Manitoba.

Where wheat is above ground it shows even germination and is of excellent appearance, states the report gleaned from Canadian Pacific agents over all western lines. Slight decrease in wheat acreage is balanced by increased seeding of coarse grains, sweet clover and other feed crops. Higher temperatures have hastened the growth of grass and livestock is already finding improved grazing.

At a meeting of the Hospital Board on Wednesday evening, it was decided to erect the new hospital on the site adjoining the park on the west side.

A special meeting of the newly-organized Wetaskiwin Community Hospital Board was held in the Council Chamber on Thursday evening last, with the following members in attendance: A. A. Ellis, chairman; Mayor J. W. Somers, Reeve R. Bellhorn, Councillor V. E. Thompson and Messrs. Thomas Angus, D. Widen and H. D. Howatt. Mr. MacDonald, of the firm MacDonald and Macdon, architects, and Dr. Bow, Deputy Minister of Health, were also present.

Before the meeting, the members visited the different sites considered suitable for hospital purposes. After the meeting had opened, Chairman Ellis asked Dr. Bow to address the meeting, and the Doctor informed the Board that there were certain things absolutely necessary for a hospital. One was, adequate drainage through having a good elevation and making certain of good sewer connections, and the other was having enough ground to develop space for the convalescent patients, and the location of the grounds. The question of accessibility and the matter of traffic in the wet season necessitated good approaches, also the securing of a location free from the noise and dust of traffic.

On the question of the type of building being discussed, it was mentioned that it would be of the pavilion or hungalow type, with a sun porch on both ends, which could be removed and the building extended at any time.

After discussion, the following motion was passed, moved by Howatt, Ballhorn: "That the site on Block 73 adjoining the Martin property be eliminated as not considered suitable." The motion was carried. (Mayor Somers not voting). Messrs. Thompson, Angus and Widen expressed their objections to Block 73 as the site of the park, this location being too near the traffic and the dust from the highway. After considerable further discussion, the following motion was passed: Ballhorn, Widen: "That the Wetaskiwin Community Hospital Board recommend the securing of three acres from Mrs. Dickson of her property at the corner of Beatrice Street and Dickson Avenue, at a price of \$200 per acre, and that if necessary to do so, this Board will be willing to pay the purchase price or if necessary the cost of any other site that might be considered the most suitable."

Moved an amendment by Ellis, Somers, that this Hospital Board ask the City Council to offer the Dickson site in addition to block 85, west of the park. On this amendment being put, three voted for and three against. The amendment was carried on the casting vote of Mr. Thompson, who was temporary chairman.

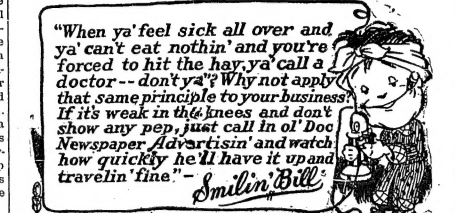

Another motion made by Ballhorn, Thompson, was carried unanimously, namely: "That we accept the terms of MacDonald and Macdon, architects, Edmonton, to undertake the work as per their letter on a 3 1/2% basis, for which they were to draw the plans, make out specifications and all details, go over the tenders, and issue certificates to the contractor for payments, while work was in progress, the work to be on a C. U. basis."

The remainder of the meeting was taken up consulting the plans and discussing the details with the architect, Mr. MacDonald, after which the meeting adjourned.

### REPORTS OF DAMAGE TO U.S. FARM BOARD WHEAT SUPPLIES

A report from Washington, D.C., states that deterioration in an extensive wheat stored by the United States Farm Board. Twenty cars of flour ground from Farm Board supplies for the relief of destitute unemployed was consigned to Baltimore. An examination of this flour revealed that two cars were deemed unsuitable for human food and the balance was considered of very low grade.

Red Deer, May 14.—Over 6 per cent of the total Red Deer levy was paid up by April 30, Red Deer officials announce. Payments to April 30 totalled \$51,612.

## Weekly Garden Letter

### Late Vegetable Plantings

In most parts of Canada it will now be time to consider planting and setting out the more tender sorts of vegetables, those which are unable to stand more than a very light frost and are far better off without any at all. Indeed there is no hurry about these things, which include beans, tomato plants, squash, cucumbers, and melons, as they will not start to grow until the weather and soil really becomes warm. In order to get a long and steady supply of green beans make at least three plantings at intervals of ten days and use several varieties. To do the same thing with tomatoes one may use a few well started plants for the first crop and hurry these along with fertilizer and possibly mulch paper. All garden tomatoes should be staked, using either wooden or steel stakes about six feet high. Trim off all side shoots as they develop, training the main stem up along the stake and tying loosely about every foot. All these warm weather vegetables prefer rich open soil and any members of the melon family, that is squash, cucumber, citron, etc., take special delight in hot

sandy soil, though it must be made rich with well rotted manure or good garden fertilizer. Along with the vegetables mentioned one may set out egg plants, well started peppers, and the late planting of celery. The latter must have very rich soil and water during dry weather. Plant fairly close together so that it may be bleached by placing ten or twelve inch boards along the rows for ten days or two weeks in the fall.

### Tender Flowers

Among the more tender flowers will be Gladiolus, Dahlia and Cannas, the tubers or corms of which are planted. These should go in, in about the order named, the Cannas, particularly, being rather tender and unable to stand any frost. Plant them all to a depth of about three times the diameter of the tuber or bulb in ordinary soil and slightly shallower in clay. Gladiolus and Cannas prefer fairly rich open soil and make a good showing when grown in clumps, the former planted four to six inches apart and the Cannas a foot. Dahlias will thrive in almost any soil, giving good results in hot dumps mixed with a little clay. They

should be staked, and have at least two and a half feet between plants. Dahlias are splendid things for producing a tall screen quickly, the writer running across an excellent example of this last summer where Mr. Martin Heskill of Fenlon Falls, Ontario, had planted a row of these flowers for years in front of his long north facing verandah with scarlet runner beans behind and above them.

### Safe Mushrooms

Mushrooms grow wild in many parts of Canada, but they are dangerous if picked indiscriminately. One is well advised to secure a good bulletin on the subject before trusting anything gathered at random. They can, however, be easily and safely produced from spawn, and huge crops in comparison to the uncertain supply available under natural conditions, are secured. Moreover, they will grow practically all year round in some dark cellar, free from frost, or they can also be grown outside in boxes or special beds during the summer and early fall. When ordering spawn from your seed merchant, ask for the special cultural directions. This delicacy, never cheap, is quite easily produced. Beds are made with fresh stable manure which, after heating, are covered with the mushroom spawn broken in pieces about three inches square. When the spawn starts to run through the manure below, a layer of soil is added and on top of this the bed is covered with about eight or ten inches of straw or litter which should be sprinkled with water during hot weather. It is important to have manure and soil tramped down firmly and to not allow the litter on top to settle or mat. Some people get fair results from putting the spawn among potatoes, but much larger crops will be produced when more care is taken. A bed will produce mushrooms for about two months.

### These Flowers Ask Little Care

To those who want flowers but have not a great deal of time to spend on them, the Zinnia is recommended. It comes in three types, dwarf, medium and giant size. It will thrive on the most ordinary attention, and will do particularly well in the new garden, and for filling in the perennial bed before the regular flowers have fully developed. Colors range all the way from cream mauve and pink to deep yellow, dark brown, bronze and scarlet. It will bloom continuously from early summer until the time of killing frosts. For very early bloom, either start seed indoors or buy plants. It will, however, come along quickly from seed planted outdoors after danger of frost is about over. Other flowers which are also included in the group requiring a minimum of experience or care are calliopsis, marigolds, annual larkspur, scabiosa and cosmos. Among the medium and taller sorts are alyssum, portulaca and nasturtiums of the dwarf types.

### DECISION AS TO

### AUTO COLLISION

Legal actions in which Mr. and Mrs. John Hay, of Rimby, were made the plaintiffs against L. J. Garrison, road contractor, Calgary, defendant, and L. J. Garrison the plaintiff against Clyde Eley, of Rimby, who was driving the car in which the Hays were riding, for damages in car collision, were by consent tried together before His Lordship Judge Ewing at the Red Deer sittings of the Supreme Court on March 23-24, and adjourned to Supreme Court on April 11-12 for the completion of the cases. Judgment was delivered on Thursday by Mr. Justice Ewing, finding for Mr. and Mrs. John Hay for \$1500 and costs, and for damages to Eley's car, etc., \$343.50, and costs. Mr. J. R. McClure, Red Deer, acted for the Hays and Eley; Mr. James McCaig, Calgary for Garrison.—Red Deer Ad.

### HE WON'T STAY DOWN

This old world is sometimes jealous of the chap who means to rise; it snubbers at what he's doing or it bats him 'twixt the eyes; It trips him when he's careless, and it makes his ways so hard. What's left of him is sinew, not a walking tub of lard; But it's only wasting effort, for by George, the guy keeps on. When his hopes have crumbled round him and you'd think his faith has gone, Till the world at last knocks under and it passes him a crown. Once, twice, thrice it has upset him, But he won't stay down.

What cares he when he's flattened by cruel blow it deals? He has rubber in his shoulders and a mainspring in his heels. Let the world uncoil its buffers till he's bruised from toe to cuffs; Let it thump him, bump him, dump him, But he won't stay down.

—St. Clair Adams.

Preparations for the annual provincial convention of the Alberta Elks' Lodge, to be held June 3 and 4 at Sylvan Lake are nearing completion.

why not get the best?

YOU are always sure of Kellogg's Corn Flakes. For 25 years Kellogg's have been the standard of quality.

Kellogg's Corn Flakes are made in modern, sanitary plants... always open to inspection by visitors. Kellogg's have the finest materials, expert workers; and wonderful machinery it has taken years to perfect. Plus a patented sealed WAX-TITE bag that brings the flakes oven-fresh to your table!

Guaranteed by W. K. Kellogg: "If you do not consider them the finest and freshest corn flakes you ever ate, return the red-and-green package and we will refund your money." Made by Kellogg in London, Ontario.

### POUNDMAKERS' TEEPEE SET UP IN UNIVERSITY MUSEUM

An early bit of Alberta's history was brought to mind yesterday at the University of Alberta when through the courtesy of Mr. G. C. Laight, Indian Agent from the Enoch Reserve at Winterville, two Indians came in to set up the teepee of the famous old Cree chief, Poundmaker, in the geological museum.

These familiar with what took place during the stirring days of the Riel Rebellion will recall the part played by Poundmaker. It was Poundmaker's men who pillaged Battleford and fought the soldiers at Cuthbert Hill, on the Indian Reserve. The old chief was put in a very difficult position by the events of that time and rather than cause more bloodshed he surrendered to General Middleton.

He was tried at Regina and sentenced to three years at Stony Mountain Penitentiary. On his release from Stony Mountain he went to visit his foster father Chief Crowfoot, of the Blackfeet, and while there died very suddenly.

The late Senator Forget who was then Governor of the Northwest Territories and who had a great admiration for the old chief, secured the

COOKE DRUG CO.  
NORTHERN DRUG CO.

teepee made of twelve buffalo skins which had been in the warrior's home for years. The teepee remained in possession of the Forget family until three years ago when on the advice of Judge Dubuc, Madame Forget donated it to the University, and it was set up temporarily in the geological museum.

Through the kindly offices of Mr. A. J. Brown of the Clark Lumber Co. arrangements were made with Mr. Laight to have two real Indian old timers come in to the University and put up the teepee in true Indian style. Accordingly, Antoine Calling Bull and his wife Suzanne drove in from the Reserve at Winterville bringing with them teepee poles of spruce which they had carefully prepared themselves.

Before an interested group of spectators Calling Bull and Suzanne put the teepee up in its permanent home. It would be more truthful to say that Suzanne put the teepee up with an occasional helping hand from her worthy spouse. Chattering her instructions in Cree, with Archie following in the role of interpreter, Suzanne went to work in a very business-like manner to put the teepee up in the traditional Indian style. There were no half-way measures about her efforts either, everything had to be exactly right or a flood of Cree dialect would pour forth with a suitable accompaniment of gestures until the particular pole or whatever it was, was in its rightful position.

The teepee itself which is now at least seventy-five years old is a splendid example of Indian art and craftsmanship. Made from the skins of twelve buffaloes and decorated with buffalo tails and painting the teepee with its historic association is a most valuable acquisition to the University museum.

After the business of getting the teepee set up was over, the two Indians were photographed in all their glory of war paint and feathers and for the first time in the history of the University full blooded Indians in full regalia, solemnly and with all the dignity of an academic procession, marched through the rotunda of the Arts Building.

### CHINESE STARTED POST OFFICE ABOUT 1000 B.C.

We are so used to our postal service that we do not realize that it was not always so easy to send or receive letters or think how it began. Like many other things, we owe it to the Chinese, who, as you know, invented the art of printing.

The oldest postal system was established in China, for a service of mounted and foot couriers was organized to carry state edicts in about the year 1000 B.C.

In the sixth century, A.D. the Chinese postal service had about 1300 stations by road, 300 by river and 86 by land and water.

About this time a money order system was devised and brought into use in China. The Chinese system of couriers lasted until modern times. Similar postal services are mentioned in the Bible and were used by the Romans.

Posts first appeared in Britain in the fifteenth century—when they were established to carry military intelligence.

Private letters were allowed to be carried for fees for the first time in the seventeenth century a system introduced by Thomas Witherings in 1625.

In 1837 Rowland Hill put forward the idea of a penny postage rate, for his letters were paid for according to the distance they had to be taken.

At first the new scheme was opposed but the government eventually adopted it.

### AN ARISTOCRACY OF COURAGE

"Since you don't relish the idea of gambling, how do you manage to play bridge?" one woman asked another.

"I simply tell my friends that I do not play for money, and there never is any argument about it," was the reply. "They continue to invite me, so I suppose that they are not so keen about playing for a stake."

It is altogether possible that more than one woman would be glad to play bridge for the pleasure of it or for a prize of nominal value. She hesitates to say so, however, lest she be accused of being a poor sport, or she may fear that by taking that stand she would not be included in future parties.

Gambling, no doubt, has become a heavy burden to many persons

### WATCH REPAIRING

Now is the time to have your watch overhauled. Keep it in good running order. Prompt Service. Right Price. All Work Guaranteed.

who no longer can afford it. They would like to quit, but do not know how to withdraw gracefully. Since so many people with or without justification are saying: "I can't afford that," whether the remark applies to making a purchase or a subscription to a worthy cause, this would be a good time to break up the gambling custom which so unfortunately has gotten a hold on the majority of card players. If a game is interesting and intellectually stimulating, it ought to offer sufficient diversion without the gambling feature. If we could go back to the good

old days when women with few exceptions refused to play cards for money and when couples could have a game of bridge in the evening for the sheer pleasure of meeting and playing, many who have felt "fearfully out of things" during the last ten years could take their places again socially.

At this time, particularly, men and women need all of the wholesome, carefree recreation they can find, unmarred by anxiety over the outcome of their play and fear of loss.—Exchange.

## Neighborhood NEWS

### BITTERN LAKE

Little Frances Lettgeb of Edmonton, is visiting for a few weeks with her grandmother, Mrs. N. F. Holmstrom.

The new School Inspector, Mr. Sullivan, of Camrose, paid our school a visit on Monday.

Mr. and Mrs. Chas. Howarth motored up to Harvest Home on Sunday, to visit their son William and family.

Mr. and Mrs. Elmer McNary motored up from Sedgewick last Sunday to visit relatives.

Mr. and Mrs. T. Rapertus spent last week in Edmonton.

E. G. Alm is doing some spring plowing for Geo. Butcher with his tractor.

Mr. and Mrs. Alfred Haselwood are being congratulated these days upon the arrival of a baby boy.

### MINNEHIK

The farmers are busy finishing seeding. The late snowstorm delayed the spring work, but some of the wheat and rye fields are looking green now.

O. Shofa made a trip to Wetaskiwin to bring in a load of seed oats for Mr. Engblom.

H. Siegel and L. Brynus were home from Norrbuck for the week-end.

Clady Hensley went to Wetaskiwin this week. She expects to be gone for some time.

The School Inspector visited the new school district at Alder Flats. They expect to open school there soon.

Mr. Beattie left Minnehik for the Wolf River district on Thursday.

Mr. Shewchuk has two men at work on his homestead. He will be moving his family here in a few weeks.

Fishing is the popular sport of the season. If you want to meet a neighbor, just go to the Rat Creek bridge, you will find them fishing.

It is reported that Mr. Ingils is going out of his general store business.

### FALUN

Miss N. Timofeeff was an Edmonton visitor on Saturday last.

Harry Mattson and Berger Karlson, who have rented Mac-Do Beach hall for this season, held their first dance on Saturday last, which proved a decided success.

Rev. Father McDonald held a service on Sunday last in the Falun school, while in the afternoon, a German Lutheran service was held.

The tennis court is now completed and several games have been enjoyed, with prospects of a good season ahead.

### BATTLE LAKE

Mrs. Luther and Mrs. Bernard, mother and sister of Mrs. Chas. Freeman, arrived here last week from Spokane, having motored through. Mrs. Luther intends to remain here for the summer, while Mrs. Bernard will return to Spokane shortly.

A practice ball game was played last Sunday. The boys expect to have a real game next Sunday, also a football game.

Mrs. Fullerton and family motored to Red Deer on Friday. Mr. Fullerton returned home with them for the week-end.

Mr. and Mrs. F. C. Papineau were Camrose visitors on Monday.

Mr. A. C. Bunney of Wetaskiwin, was at Battle Lake last week looking after business interests.

### TOWNLAKE

Except for an occasional light shower, the weather has been fair all week. Garden stuff is up and though a frost was reported Sunday morning, no harm was done.

Sigfred Magnusson is staying at the Lake with John Olson for a while.

A crew under the direction of Mr. Brako of Headley, has been loading the remaining telephone poles at Town Lake siding.

Mrs. S. Husted and Myrtle spent the day with Mrs. Engboh Thursday.

Mr. and Mrs. Chris. Engboh are leaving for Halkirk, Alta., where Mr. Engboh has been transferred as section foreman. During the two years Mr. and Mrs. Engboh have lived at Town Lake, they have made many friends and will be greatly missed. We wish them the best of luck in their new home.

### WINFIELD

The dance held under the auspices of the Prosper baseball team in the new Norrbuck school was well attended despite cold and rainy weather beforehand, and an indefatigable crowd made merry until four a.m. A jolly truckload went up from Winfield. The "Null Securus" orchestra, consisting of clarinet, banjo and

violin, furnished the music. This was the first of a series of dances to be held under the same management.

George Levis of Calgary, was at Winfield last week.

Her many friends were pleased to welcome back Mrs. Bernard, a former teacher here, last Friday.

I. O. Gibbons returned from Spokane Friday.

Mrs. B. A. Study Jr., and small son Keith, of Statton, visited Winfield to visit her parents, Mr. and Mrs. J. A. Hallgren.

The proprietors of the Peerless hotel, Mr. and Mrs. A. Groulx, say they see no business depression, considering the number of commercial travellers, etc., who have been guests there during the past fortnight.

Mr. and Mrs. C. McDonald and small daughter, of Edmonton, visited with Mrs. McDonald's parents, Mr. and Mrs. C. A. Study, Sunday last.

Mrs. Kenneth Skinner and baby daughter Bernice, returned to their home in Buck Creek Sunday.

H. Bakerman of Norrbuck, was a Sunday visitor at Taylor's.

### SOUTH PIGEON LAKE

(Intended for last week)

Miss Blanche McGrindle is spending a few days at Camrose.

Mr. and Mrs. Edgar Phillips and Mr. Norman Phillips of Edmonton, paid a visit to Snell's mills this week-end.

A church service was conducted at the home of Mr. Ward Snell Sunday evening, May 15th, by the Rev. J. M. Baxter of Brightview Baptist Church. He was assisted by Rev. Mr. Larson of Camrose, who delivered a very interesting and helpful message. The service was well attended.

Crestal Springs had a great many visitors over the week-end.

Ed. Snell went up the Lake on Monday with the gas boat to bring down the first boom of logs of the season. The lake is now completely free of ice.

Friends of Mr. and Mrs. Carl Johnson will regret to learn that one of the twin babies born to them at Wetaskiwin on May 7th, did not live.

The girls of South Pigeon Lake have organized a softball team and are holding regular practice at the South Pigeon Lake school grounds.

C. H. Snell of Red Deer, is now surveying the new Swedish Mission site at the west side of Pigeon Lake.

### GWYNNE

Mrs. Eric Larson and daughter Anna, have gone to Vancouver for a holiday.

Mrs. Westbrooke and two sons, Mr. and Mrs. A. J. Ross and family, all from Fernito, were visitors at Pat Girard's on Sunday.

Mr. and Mrs. Rudolph Anderson and family of Wetaskiwin, were visitors at W. J. Gillespie's on Sunday. Also visitors from Daysland called Sunday evening.

Mrs. E. Dini and daughter, of Edmonton, spent the week-end at Pat Girard's.

Miss M. E. Howes and Miss E. Meyer spent the week-end in Edmonton.

James Coma left for the 1900 Lake road camp on Monday evening.

### HILLSIDE

A meeting of the Westmount Golf Club was held at the home of Billie Heslop last Saturday afternoon. Mr. A. Moore, David Promoter, was present and gave a talk. The next meeting of the Golf Club will be held at the home of Annie Howes on June 11.

Mrs. E. R. Hoskins spent Sunday with her parents in Edmonton.

Miss Irene Howes entertained a number of her little friends last Monday afternoon, when she celebrated her tenth birthday.

There was a good turnout to the baseball game last week when the Seniors and Juniors played, and the Juniors showed "em."

The Juniors will meet in the school house on Friday evening, besides the usual business, a delegate to the Junior Conference will be elected.

Mr. and Mrs. T. H. Howes, Annie and Irma, spent Sunday in the city, when they attended special services, and were present when their daughter Esther was confirmed at Central Christian Church.

We are glad to report that most of our fit patients are able to be up and around.

### NAVARRE

The Navarre correspondent has learned indirectly but nevertheless from reliable sources, that the news from this district is being read by former Wetaskiwin residents now living in San Francisco, Ottawa and Lake Park, Minn., respectively, so it behooves the Navarrites to watch their steps, seeing that their doings are so widely broadcasted.

Miss Rose McManus, whose marriage to Mr. Maurus Fonteyne took place in the near future, was greatly surprised when she was made

the guest of honor at a miscellaneous shower at her home Monday afternoon. Little Mary Chadwick and Warren Fonteyne wheeled in a charming decorated wagon. Amongst many beautiful and useful gifts for the bride-to-be, after which Miss McManus charmingly acknowledged the presentation in a few well-chosen words. A dainty buffet luncheon was served, with Mrs. A. Fonteyne in charge of the merriment. Amongst those present were: Miss Rose McManus, Mesdames J. McManus, Walter Trautman, C. Fonteyne, A. Fonteyne, J. Chadwick, Hogan, John Malmus, P. Hoyle, C. C. Nelson, Mrs. Trautman, Sr., Misses L. Hinchberger, Z. Weller, Alma Kaurer, Eva and Viola Gonz, Gladys Nelson, Marion Landell, Warren and Deryl Fonteyne, Marion Malmus, Mary Chadwick, Raymond and Kenneth Trautman and Charlie Hoyle.

Mrs. J. Chadwick and little daughter Mary, of Fernito, are visiting at the C. Fonteyne home.

Last Friday afternoon, Mr. C. Williamson, the Buleya school teacher, took a large number of his pupils to Wetaskiwin, where the Buleya softball team played against the King Edward school Grade VII team. The score was 10 to 9 in favor of the King Edward players. The lineup was as follows: King Edward school—C. Bowie, E. Baker, R. Ketchin, Elsie Schneek, G. Godin, F. Hendrickson, C. Cooke, J. Owen and G. Erickson. Buleya school—Lucy Kaurer, Martha Kasur, Lydia Dewald, Robert Rhodes, Melvin Erickson, Donald Short, Harold Hoyle, Ernest Stelter and Bern. Genz. Mr. Williamson was the umpire. A return game will be played at the Buleya school in the near future.

The Luther League of the Swedish Lutheran Church held their meeting at the home of Mr. and Mrs. E. Lundell of this district on Tuesday evening, when about forty members and visitors were present. Mr. Staples was in charge of the program presented, which was exceptionally enjoyable.

The following delegates were elected to represent the Wetaskiwin League at the provincial convention in July: Peter Brookfield, Miss Ellen Vassberg, Mrs. G. W. Malmus, Miss Ethel Johnson and Miss Arnes Proden.

The many friends of Mrs. Nelson Sr., who has been suffering from a severe attack of bronchitis, will be pleased to hear that she is recovering nicely and expects to be up and around again in a few days.

Mr. and Mrs. T. Dennis and Charles, of Watergen, spent Sunday with Mr. and Mrs. Malmus Sr.

Miss Alberta Schell of Edmonton, is visiting with her parents here.

Dr. and Mrs. A. Malmus and family of Camrose, visited relatives in the district on Sunday.

### SHEEP FOR THREE PENCE EACH

A despatch from Cape Town, South Africa, of the sale of 800 sheep carrying 18 months' wool at three pence each. These sheep were offered for sale as part of an assigned estate at Harrismith, Orange Free State. This incident gives an idea of the financial plight of farmers in that territory.

Use The Times Want Ad. columns.

## WEEKLY STOCK MARKET REPORT

The following is a report of the Edmonton Stock Yards, as supplied to The Times for the week ending May 17th:

Receipts: Cattle, 735; Calves, 173; Hogs, 3768; Sheep, 38.

There has been fair action noticed in the market for the week, and although buyers are not showing the same keenness as they did two weeks ago, yet salesmen are moving their offerings fairly readily. Sales indicate that on the whole prices remain about steady and unchanged with last week's close. Calves, especially plainer kinds, are about \$1.00 lower. The following are the prices:

The general run of good fed calves are selling at \$4.75 to \$5.00; odd choice ones bringing a little more; medium kinds from \$4.00 to \$4.50. The general run of good butcher steers \$4.50 to \$4.75; mediums, \$4.00 to \$4.25; common to fair \$3.00 to \$3.75; and as low as \$2.50 for undesirable. Good butcher heifers \$4.25 to \$4.50; mediums \$3.75 to \$4.00; good heaves \$3.25 to \$3.50, and common to fair \$2.50 to \$3.25. The general run of good butcher cows \$3.00 to \$3.25; common to medium \$2.00 to \$2.75; canners and cutters \$1.00 to \$1.75; bulls \$1.00 to \$1.50; odd ones bringing a little more.

There is no undue activity noticeable in the stocker market. The general run of good stocker steers and heifers going from \$3.00 to \$3.50; and as low as \$2.25 for undesirable; stocker cows \$2.25 to \$2.75.

Calf market dropping and showing a lower tendency. Good to choice light calves \$4.50 to \$5.00; medium light \$4.00, and common to fair \$2.50 to \$3.50.

Hog market unsettled and lower. Carcasses today sold at \$3.00 for the bacon fed and watered, with trucked in at \$2.90 for the bacon. Selects bringing a premium of 50c per hundred and butchers discounted 50c per hundred. The cuts on off-grade hogs remain the same and are as follows: Heavies discounted 75c per hundred; extra heavies discounted \$1.25 per hundred; No. 1 sows \$1.25 per hundred; No. 2 sows \$1.75 per hundred; roughs discounted \$2.00 per hundred, and stags \$2.00 per hundred.

Sheep receipts continue light, with the quality of the offerings on the indifferent order. Prices keep about steady and unchanged. Good to choice light lambs quoted \$5.50 to \$6.00; mediums \$4.75 to \$5.25; yearlings \$3.50 to \$4.00 and ewes \$2.50 to \$3.50.

### UNITED PLEA FOR MARKETING BOARD VOICED IN HOUSE

Ottawa, May 13.—Creation of a marketing board to direct the export sales of Canadian agricultural products, was urged in the House of Commons today as an immediate necessity. From all sides of the House, Hon. Robert Weir, Minister of Agriculture, heard the plight of the farmer referred to as the gravest in history.

It was time to abandon political lines and unite in one common cause, he said, to help the farmer out of depression and despair, said Hon. W. R. Motherwell, former minister of agriculture. "I think we have reached a time in our history when agriculture is simply staggering to its fall and we can afford to ease up a little in our extreme political alignments and work in behalf of the industry." Personally, the former agricultural minister was willing "to work with Beebech himself for the good of agriculture."

Farm estimates were before the House all day. George Spotton, Conservative (New Brunswick) charged the stockyard combine existed in Toronto. "If ever there was an octopus—a devil fish with elongated arms squeezing the lives out of the farmers of Ontario, it is the Canada Packers of Toronto," he said. The farmer was forced to take whatever price was offered, sometimes as low as three and one-half cents a pound.

Canadian agriculture, said E. J. Garland and George Coote, never would regain its feet until the Canadian dollar and the British pound were on the same level. With the Canadian dollar was above British currency, Canadian wheat farmers and exporters in general were penalized to the extent of the discrepancy. Mr. Garland called upon the government to lend a hand. It was the duty of the government to give intelligent direction to agricultural processes. He would not go so far as the present as to recommend national control of all agriculture—that might yet have to come—but the time was ripe for national direction.

Prices of farm products were lower last year than at any time in the past 20 years, declared Mr. Garland, and said this proved the tariff was of no benefit in improving prices of a product in which there was an exportable surplus. He referred particularly to the live cattle trade to Great Britain.

## THE WETASKIWIN TIMES

### LET'S REMEMBER FATHER

There is one who bears the burden of the day.

In such a quiet, good, unselfish way: From morn till eve his task he piles, O'er rough roads of his pathway lies;

For mother and the bairns his thought, And yet in all much love is wrought.

Let us remember father, ever kind and true, Father of the great heart, who still loves you.

The time will come, for years glide swiftly by, At set of sun you'll sit, and think and sigh

For childhood's days; his voice you'll hear, At home with those he holds most dear.

An humble place, but love is there, And you are young without a care. Let's remember father, ever kind and true, Father of the great heart, who still loves you.

The step grows slow, not like the former day, His hair once dark, is now a silver gray.

The burden he will soon lay down, Let kindness then his last hours crown;

He has thought of you, still think of him, And brighten eyes now growing dim. Let's remember father, ever kind and true, Father of the great heart, who still loves you.

—Ella R. Hudson.

### A WONDERFUL GAME

I like the fellow who plays with me, and never yells "enough."

Whether he's straight from every tee or a mile in the dismal "rough."

I like that guy who, when beat, will say "Now, that was a wonderful game to play."

I'm strong for the guy who "tops" sometimes, or digs his grave in a trap, No matter how rotten, he never whines!

I'm crazy about that chap Who is lost maybe, from one to nine, But who smiles and says, "Your game was fine."

I like the man who's a sport all through whatever the game may be, Who, though he is beaten, is clean and true, with a smile that is good to see.

The sport who, when Death holds the score, will say "Now that was a wonderful game today."

### WILL IT WORK OFTEN?

And now the Financial Post gives us a poser that will make the proponents of currency as we have it at present think. Here's the conundrum: Kelowna, one of the fruit centers of the Okanagan valley in the interior of British Columbia, has accidentally discovered the actual good "phantom" dollar can do.

A man bought a tie from a dry goods merchant and gave him a cheque for a dollar. The merchant paid for his lunch at the cafe with

the cheque; the cafe manager passed it on for something he needed, and it went from hand to hand, purchasing a dollars' worth of goods each time, till it had been through 30 hands.

"These it was taken to the bank, where it was promptly marked 'No Account.'"

The 20 men who had endorsed it went into conference. They figured up a profit and loss and discovered that each man had made a profit of approximately 25 per cent. So they each contributed five cents and re-deemed the cheque leaving each man still 20 cents to the good. Now they are trying to comprehend the principle underlying this bit of high finance.—Lethbridge Herald.

### \$35,000 FIRE HITS OKOTOKS

Okotoks, May 6.—Practically leveling a whole town block on the north side of Main street, a five-hour fire caused damage estimated at about \$35,000 here Saturday. Four business buildings were destroyed, seven local firms suffering.

Valuable aid of a Calgary fire company under Assistant Chief Alex Carr aided in subduing the blaze, two bank buildings being saved.

Spring clean-up time is here again. In this connection an exchange points out that every little bit of cleaning, painting, renovating or new work undertaken will put someone into a job. It will put into circulation a lot of money. And thus your action will be the means of helping out some of our men who are suffering today because of the lack of work. If you want these things done at the present time you will find that you can have them done cheaply. Prices are down and you can make your dollars go very much farther today than you could one year ago.

### TRUCKING & HAULING LONG DISTANCE DRAIVING A SPECIALTY

Phone 33, Box 444, Wetaskiwin

### NOTICE TO HORSE BREEDERS

The following Stallions will stand for mares for the season 1932, at the Fair Grounds Barn after May 23rd, namely:

DEWEY NO. 11674. Fee \$8.00 to insure in foal.

BRILLIANT NO. 9969. Fee \$8.00 to insure in foal.

BLAINE NO. 12125. Fee \$10.00 to insure in foal.

These horses are noted throughout the Wetaskiwin district for pure and good foal getters, and have produced the best colts that ever have been raised in the Wetaskiwin districts. These horses have about 1300 colts to their credit, and everyone very much satisfied with their stock.

T. O. FELLAND, Owner.

## SPORT

The first softball game of the season was played on Tuesday night, between the Bankers and Northern Drug teams, resulting in a win for the Northern Drug.

### SPORTS ASSOCIATION HOLD ANNUAL MEETING TONIGHT

The annual meeting of the Wetaskiwin Sports Association will be held this (Thursday) evening at 8 o'clock, in the Council Chamber, when officers for the year will be elected. A resume of the past year's activities will be given and a general program for the present year will be given discussion. If sufficient interest is manifested it is possible that an Alberta Championship track and field meet will be held here. A large turnout of sport enthusiasts is urgently requested.

### FOUR TEAMS IN LOCAL SOFTBALL LEAGUE

At a meeting of the Wetaskiwin Softball League held on Friday evening, the following teams were selected to compete in the season's schedule: Clerks, Orangemen, Northern Drug and Bankers. Officers elected were: President, Geo. Beavo; secretary, D. Mavor; treasurer, N. Lange; Executive, K. Smith, R. Watson, W. Yanalstine.

### WETASKIWIN DEFEATED BY CAMROSE 9-0

The local baseball team got away to a poor start and allowed Camrose to get 4 runs in the first inning and 5 more in the balance of the game, which was played last Thursday evening on the Wetaskiwin diamond. Scottwell pitched a very consistent game for Camrose, while Lefty James, G. Farewell and Z. Clelland hurled for the local boys.

### LACOMBE H.S. WINS FIRST BALL GAME FROM WETASKIWIN

Wetaskiwin High School ball team went to Lacombe last Friday and contested the team there in the first game of the season. Although the weather was drily it did not dampen the enthusiasm of the young players who batted through to a 7-1 victory for Lacombe.

### TWO STRAIGHT FOR WONDER BASKETBALL TEAM OF CAPITAL

Edmonton, May 16. — Edmonton Commercial Graduates tonight retained their title of basketball queens of the world.

Turning back the challenge of the Chicago Red Devils in the second successive game, the Grads tonight victory by a score of 49 to 25 and captured the two-game total-point series for the Underwood trophy, emblem of international basketball supremacy for ladies' teams, by a score of 93 to 59; a margin of 34 points.

Score of the first game Saturday night was: Grads 44, Chicago Red Devils 34.

For the first two periods tonight, defeat hovered for the Grads as the United States team put up a battle that exceeded even their sterling display of the initial game. The second half was a different story, and the Grads were away to their eleventh international title.

### WINFIELD U.F.A.

Winfield local has received final papers back, by-laws registered, and are now incorporated into the "Winfield U.F.A. Community Hall Association." There has been some delay in securing a site for the hall, but we hope to be able to start work on it before long. The plans are, to have, at least, the framework up in time for the annual picnic.

One of our members, George Auser, left Friday. He expects to visit his relative in Quebec before returning to this district.

### MOVEMENT OF GRAIN STARTS TO CHURCHILL

Saskatoon, May 16.—Collected from dozens of country elevators a long string of freight cars loaded with Saskatchewan wheat will move northward over the Hudson Bay railway this week, bound for Canada's new port of Churchill and thence for the markets of the United Kingdom and Europe. The movement consists of 2,000,000 bushels sold by the Saskatchewan wheat pool and will be the first commercial shipment to move out from the Hudson Bay port.

While the wheat shipment is being assembled negotiations are under way for shipments of cattle and other products of western farms. Cattle owned by the government of Saskatchewan may be used in a trial shipment.

### REPORTS RECORD GROWTH OF ALBERTA'S UNIVERSITY

Registrations of students at the university for the term just closed reached the record total of 1,935, stated Dr. W. C. Wallace, president of the institution, in making his annual report at convocation in McDougall church Friday.

The academic year just closing was a favorite of great interest in several ways, observed the president. For one thing, the registration of students had been greater than in other years.

Students at the winter session numbered 1,532, which was an increase of 65 over the preceding year. Taking into consideration the summer school, correspondence and other courses, the total enrolment for the year was 1,938.

Speaking of this increase, Dr. Wallace said this applied mainly to one or two schools. The number of students taking their first year at university was larger than before while an increased body of students were going on for higher degrees. Also, more were interested in nursing and higher economics.

At the same time, attendance had been restricted in some ways. This was the case with applied sciences where the facilities were not adequate to provide for an increased number of students.

Results of the university examinations showed a higher standing than last year, this applying both to the higher and lower marks, also to a smaller number of students had been asked to withdraw from the university than in the year previous.

There has been a serious minded group of students at the institution during the past year, observed the president. Among the general student body, there had been a definite interest in problems of the world at large.

### FREE PUBLICITY AND THE WASTE BASKET

Every editor has a large receptacle sitting close to his desk, which he uses for dumping waste materials which come to him through the mails and over the counter. His mail box is generally found to contain large quantities of type-written articles, extracts from speeches, yards of propaganda on every known subject.

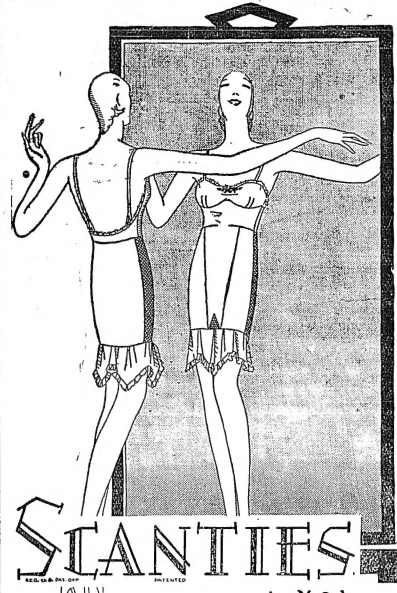

In glancing through the basket this morning we found a number of pages devoted to the "National Society for the Prevention of Blindness." It does not take much imagination to detect the underlying reasons for this free article. "Drink More Milk," is another epistle from the National Dairy-men's Association; "Eat More Fish," was a three-page effusion contributed by the Pacific Coast Fisheries; "Some Diseases of the Teeth," from the National Dental Association, explained why you should go to your dentist regularly; "Vaccination," told its own story—that is, it told a story, but if the writer were to tell one it would not sound like the one found in the waste basket; the "Lost Person Letter" appeared legitimate, so we used it. The Olympic committee also remembered us this week with three or four pages of closely type-written matter "to be released immediately" We did. We dropped it into the basket. About next week we will come a large quantity of stuff from the head office of the greatest fraternity in Toronto, the greatest seekers of free publicity of them all.

It must be remembered that none of these articles were accompanied by cash.

Back in our younger days we fell for a lot of that sort of thing, but "those days are gone forever."

### BEEF FEEDING PLAN SUCCESS

Edmonton, May 18.—Approximately 150 of the best Alberta beef cat-

Model

Fashion has created a very beautiful garment with its new luxurious freedom!

SCANTIES. Figures look inches smaller. Subtle style lines appear in just the right place. Figures of every size, large or tall, short or small—respond immediately to the perfect fashioning of this new and different type of undergarment. SCANTIES. Wear less—yet look more stylish. Throw to the four winds all bulky, bulgy, excess underthings. Scanties and a dress, that's all—accentuates the bust, moulds the hips and fashions your figure to a new perfection. Only one pair of shoulder straps—washes as easily as a handkerchief. When you call, let us show you this beautiful garment.

## MONTGOMERY BROS. LTD.

are being shipped to the British market each week, according to H. A. Craig, deputy minister of agriculture. These shipments are being made from a large herd of about 1800 head of cattle fed all winter near Lethbridge by special arrangement with ranchers and farmers.

The idea was fostered by the Red Label Beef Association—signifying the highest type of beef cattle. The ranchers supplied the cattle and the farmers did the feeding under the direction of the department of agriculture officials, who also select the animals to be shipped. This scheme not only assures the British market

obtaining the best quality Alberta beef but it also provides a market for the product.

In addition to the Lethbridge herd, there are 800 animals on the land near Lacombe, where similar arrangements prevail. Feeding at Lethbridge is under the direction of John Wilson while Sam Henderson is in charge at Lacombe.

Mr. Craig said he had seen the cattle near Lethbridge about 10 days ago and considered them to be in excellent condition, while a representative British buyer who had come through here about two weeks ago pronounced the animals as being

eminently well suited to the British market.

## MIRACLE CURES

(Drumheller Mail, April 28)

Miracle cures are being effected at the Church of the Nazarene during the present revival with Evangelist Dr. C. E. West, of Decatur, Ill., in charge of the faith-healing services. Eloquent testimony of these cures were given to The Mail on Tuesday by several local women, who were interviewed in their homes. Detailed particulars of their previous ailments were obtained and exhaustive questions asked to substantiate the claims of Dr. West, who told The Mail of other cures effected elsewhere in addition to the local cases.

The cure of Mrs. Joe Bergman, Fifth Ave. East, is the most interesting as it affects a 17-year-old injury to the spine. In 1915 Mrs. Bergman fell off a street car in Calgary and X-ray photographs disclosed the injured and displaced portion of the spine pressing on the sciatic nerve. Since that time, Mrs. Bergman has been in various hospitals on nine occasions for operations. She has received treatment by chiropractors, osteopaths and the medical profession also. Last summer she was treated for neuritis by a local physician, while on two occasions she had had a tumorous growth removed from her side, once in 1921 and again in 1928.

On both occasions the surgeon informed Mrs. Bergman that the growth would return. Members of her family state that Mrs. Bergman was unable to do heavy housework without suffering a physical and nervous relapse, until Thursday last when she was instantly cured following her anointment with oil.

When seen by The Mail, Mrs. Bergman looked the picture of perfect health. The day previously, she had spent the afternoon—two and a half hours—walking with a friend. "Two weeks ago I was all fagged out after walking down town," she stated.

Mrs. Bergman was convinced that her spinal trouble had been cured. For years she had experienced suffering with only temporary relief. For several months she had felt returning symptoms of the growth in her side and believed that another operation would be necessary. Although a member of the Nazarene church for the past two years, she had never accepted the doctrine of faith-healing until about three weeks ago, when she heard Dr. West's exposition on the subject. Building up her faith, Mrs. Bergman went to the faith-healing services on Thursday last, convinced that a cure would be effected.

"After I had been anointed with oil and Dr. West and Mr. Collier were praying for me, I felt as though I were going under an anesthetic," she said. "It was a peculiar feeling and I went into a heavy perspiration. Immediately afterwards I knew that I was cured."

"How long have you been a member of this church?" Mrs. Bergman was asked.

"Two years," she answered.

"And did you believe in faith-healing all that time?"

"No. I was sceptical for a long time. I only got complete faith in it about three weeks ago. I had arrived at a point where I had to make up my mind—either to see a doctor or go to the Lord."

"And when you went to Him what were your reactions?"

"I knew that I was going to be well again—that He would cure me."

Mrs. Bergman stated that six years ago, her sister, living at Red Deer, had been cured of goitre which was

affecting her breathing. The cure had been permanent.

"Do you believe that Dr. West effects the cure?" the interviewer asked.

"Oh! No! Dr. West is but the instrument of God. I believe now I could cure myself by praying at home. Dr. West's explanations make it so simple."

Mrs. E. Bell, Sixth St. East, the next to be questioned by The Mail, stated that she had worn glasses for the past sixteen years, during which time she had been compelled to have the lenses changed six times. Her eyes were getting worse, necessitating another new pair of lenses.

Three weeks ago, Mrs. Bell, who had been a Nazarene adherent for many years, received the anointment and prayers and instantaneously she was able to go without her glasses.

"Did you wear glasses just for reading?" The Mail asked.

"For everything," was the emphatic reply. "Sometimes I had to put them on before getting up, on account of headaches. I couldn't do a thing without them."

"There are they now?"

"I threw them in the stove. Some of the family thought I couldn't get along without them, so I threw them away on that account."

"And have you had headaches since?"

"No. That is the wonderful part—and I believe my eyes are getting stronger every day."

The Mail representative subjected Mrs. Bell to a number of reading tests. Fancy needlework and threading a needle were offered as testimony of the cure.

Mrs. Roy D. Curdy, who for the past twenty-two years has been compelled to wear glasses, discarded them also three weeks ago. Mrs. Curdy states that for the first time she is able to get along without spectacles. She also had worn them for all purposes, but now can read

Mrs. Curdy also claimed a cure of gallstones in the past three weeks. Six weeks ago she had received medical treatment and had been warned that an operation might be necessary. Drugs had provided temporary relief, but a recurrence of pain on April 8 decided her to seek the faith cure. She was anointed on that day and by Sunday had obtained complete relief without the aid of medicines.

Mrs. West has been an adherent of the Nazarene church for the past nineteen years. To The Mail, she stated that a various times she had cured minor ailments by prayer. She expressed the opinion that Dr. West was directed by God to effect cures. In describing many cures effected through the medium of prayer in his many years of evangelical work, Dr. West gives his own remarkable cure from smallpox while in China, as one of the outstanding examples. The evangelist claims to have been suffering from a virulent type of this disease and covered from head to foot with spots. One night of prayer, and in the morning every trace of the disease had left him.

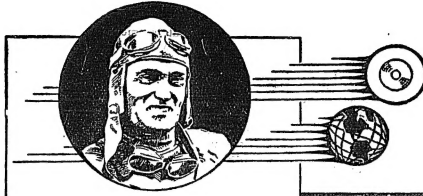

Received treatment, while the evangelist tells of broken bones having been set through divine healing.

Dr. West does not claim that all persons can be cured. "It is necessary for them to have faith," he states. Faith-healing as practised by the Nazarene faith, is based on the 5th chapter of James, verses 14 and 15, which read:

"Is any sick among you? Let him call for the elders of the church; and let them pray over him, anointing him with oil in the name of the Lord."

"And a prayer of faith shall save

# All 61 Official World's Auto Speed Records Were Made on DUNLOP Tires

HOLDERS OF WORLD'S RECORDS

## Sir Malcolm Campbell

The whole world thrilled to Captain Sir Malcolm Campbell's stupendous achievement when he set a new world's record for the mile of 253.96 m.p.h. Like every one of the cars which hold the 61 official world's auto speed records for all times and distances, Sir Malcolm's car was fitted with DUNLOP Tires.

## The DUNLOP SILENT TIRE

TIRES - GOLF BALLS - BELTING - HOSE - RUBBER FLOORING - TENNIS and BADMINTON SUPPLIES

The world's fastest drivers choose DUNLOP tires—invariably. The experience and resources to build tires that withstand the terrific strains—heat, expansions and bouncing—which racing imposes, enables DUNLOP to provide you with "The World's Finest Tires."

For safety—for comfort—for economy—fit your car with

the sick and the Lord shall raise him up; and if he have committed sins, they shall be forgiven him."

## THEN CAME THE DANDELION

(By Barbara B. Brooks)

One green enthusiast wrote: "If dandelions disfigure your garden, cut 'em and eat 'em." This is a sound bit of advice especially at this time of the year when dandelions are young and tender and when our lawns need manicuring. There is nothing which tastes quite as good as the first mess of dandelion greens. They have a flavor which is half-pungent and half-bitter; only epicures describe it well. Then of course they have hidden qualities, minerals and vitamins, which are better known and never mentioned since some people have queer quibbles about eating foods which are good for them. And greens always fall in that classification.

There are different ways of serving dandelions. Some like them hot; some like them cold. The wonder child John Henry who rose up in bed a few days after birth and called for a slab of bacon and a pot of greens was right about combinations of flavors.

## Dandelions and Bacon

1 pound dandelions, 3 strips bacon, salt and pepper, 1 cup water.

Put blanched dandelions in deep kettle; add minced bacon and seasonings. Add water, cover and simmer gently until tender.

Dandelions are delicious in salads or wilted. For salads they may be used with other greens or vegetables.

## Cold Dandelion Salad

1 pound dandelions, 1 cup French dressing, 1 clove garlic.

Rub the mixing bowl with garlic, add the cleaned, chilled dandelions, pour over the French dressing and toss until leaves are well covered. Serve alone or in combination as follows:

Dandelions with quartered hard-cooked eggs; dandelions and sliced tomatoes; dandelions, cucumber and radish; dandelions, romaine and minced celery; dandelions, chitney and chopped olives; dandelions, escarole and chives, chopped.

## Wilted Dandelion Greens

Wash greens thoroughly and shake until dry. Fry minced bacon until crisp and then remove pieces of bacon. Add lemon juice or vinegar to the hot bacon fat and heat quickly. Pour over greens which have been seasoned and mixed with bacon. Toss lightly until blended.

If you prefer you can serve plain cooked dandelions with a bit of corn bread and bacon.

Plain Cooked Dandelions Drain boiled dandelions, shake over fire to dry, season with salt and pepper, vinegar and oil.

## Corn Bread With Bacon

This is exactly the corn bread to go with the greens.

2 eggs; ¼ cup sugar; 1 cup milk; ½ cup all-bran; 1 cup corn meal; ¼

cup flour; ¼ teaspoon salt; 2 teaspoons baking powder; ¼ pound bacon (diced).

Beat eggs slightly; add sugar and mix well. Add milk and All-Bran. Let soak. Sift dry ingredients and add to first mixture. Pour into greased pan and sprinkle with diced bacon. Bake in (400 deg. F.) oven for 20 minutes. Remove and place under low broiler 3 minutes to brown bacon.

Yield: 16 small pieces.

It was demonstrated in Montreal recently that a Diesel internal combustion engine could be operated on whale or seal oil, proposed as substitute fuels for use in the Arctic regions.

After a lengthy discussion with Messrs. C. C. Planché and D. A. Hanson, of the Calgary Power Co., the Sylvan Lake Council granted a ten-year franchise for the supply of electrical energy to the Calgary Power Company, and passed the necessary by-law prior to submitting it to the Public Utilities Commission and to the Board of the Power Company for approval.

Alberta made a new record in 1931 in shipping eggs out of the province, a total of 200 carloads going to outside points or some 50 carloads more than the previous record of 1924.

Trade with the merchants who advertise in this paper.

The income tax is still comparatively light. A married man in Canada earning \$2000 pays nothing. In Britain he pays \$106. In Germany he

pays \$218, and in France \$104. It is part of the price of being satisfied to keep things as they are—Ottawa Citizen.

## Nerves Were a Total Wreck Could Not Eat or Sleep

Price 50c a box

Mrs. Geo. H. Mills, Lake Alma, Sask., writes: "I was taken down with rheumatism and was unable to walk for some time. Although I got back on my feet I was not right as I could not eat or sleep, and my nerves were a total wreck. I decided to take Milburn's Heart and Nerve Pills, and found after taking two boxes I had gained five pounds, and never missed a night's sleep. Right now I never felt better in my life." Sold at all drug and general stores, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

### HEADACHES

There is a wide variety of reasons for headaches. They occur at all ages and are far more common among young children than is generally suspected. The occurrence of the headache means that there is something wrong somewhere in the body. There is an acute and very painful form of headache known as "migraine," which appears to run in families.

Eyestrain is probably the most common cause of the condition. It is not necessary for the person to do what is known as close work to suffer from eyestrain. As long as the use of the eyes causes abnormal strain, whether this be from near or distant work, or from poor lighting, headache is to be expected as a result.

Inflammation causes pain, and so it is that any inflammation in the head or in parts which are close to the head is often felt as headache. Inflammation is usually due to infection in the head; the common sites of infection are the sinuses and the teeth. Headache may therefore be associated with infected teeth, or with sinus disease.

As one symptom, headaches occurs in very many diseases, particularly those in which there is high fever. When some important organ of the body is not functioning properly, one evidence of how the whole body may be upset is the occurrence of headaches. So it is that anaemia and nephritis give rise to headaches.

Increased pressure within the head causes pain. The pain may be due to increased blood-pressure or to some growing tumor. In either case, there is headache.

There is a considerable difference

RESTFUL SLEEP  
for FRETFUL,  
FEVERISH CHILD  
—With Castoria's regulation

When your child tosses and cries out in his sleep, it means he is not comfortable. Very often the trouble is that poisonous waste matter is not being carried off as it should be. Bowels need help—mild, gentle help—but effective. Just the kind Castoria gives. Castoria is a pure vegetable preparation made specially for children's ailments. It contains no harsh, harmful drugs, no narcotics. Don't let your child's rest—and you own—be interrupted. A prompt dose of Castoria will urge stubborn little bowels to act. Then relaxed comfort and restful sleep! Genuine Castoria always has the name:

CASTORIA  
CHILDREN CRY FOR IT

## MILLET LOCAL NEWS

An all-day tennis tournament will be held by Millet Tennis Club on May 24th.

Mrs. Harry Brinker leaves on Friday for Victoria and Vancouver, where she will spend a few weeks visiting friends.

Mr. and Mrs. McKay and daughter were visitors at the home of Mrs. McKay's parents, Mr. and Mrs. Fred Facey, on Sunday.

On May 24th, Millet Scouts will play ball with a team from Ponoka at 2:30 p.m. Millet Seniors will play Conjuging Creek at 5 p.m.

Mr. and Mrs. Grant Wolfe and their daughter-in-law, Mrs. Ordie Wolfe and family of Edmonton, returned to their home in the village on Monday from Breton on Sarnybrook, where they have spent the last fortnight.

The Millet C.G.T. held their last meeting of the season in the United church on May 11th, all members being present. It was decided to take a hike on June 1st into the country as a final finish of the year's activities.

Mr. Faulkes officiated at the services in St. John's Church for the first time on Sunday last. Mr. Faulkes will be resident in Leduc and will have charge of the work of the Anglican Church, which was formerly carried on by Rev. Arthur Murphy, M.A.

The first meeting of the Millet Tennis Club was held on the evening of May 12th, when the following officers for the year were appointed: President, Mrs. Stanley Scott; vice-president, Lorne Carney; secretary, J. Inglis. The minutes and financial statement for 1931 were approved and considered very satisfactory.

Upon advice of the School Fair directors of the Province, the Millet Board are requesting that all school work exhibits be placed in the hands of Mr. Moore, secretary of the Millet District School Fair Board by July 4th. The above-mentioned exhibits include only Classes 94 to 126 in the School Fair Bulletin. Teachers of the district exhibiting at Millet Fair are requested to make application for School Fair tickets to the secretary, so that all articles may be properly tagged at time of presentation.

## SCENES THE CENSORS BAN

Little is left to the imagination in some American films, but when films are sent abroad all kinds of scenes are deleted.

Film producers say that in the last few months Britain has banned "The American Tragedy," the film of Dreiser's famous book; Sweden, deleted scenes of detective holsters from a "Wild West" picture, objecting especially to Indian arrows protruding from the back of a "pioneer"; and Finland, one of the most exacting of European countries, will not allow girls' legs to be film, nor may there be any "close-ups" of chorus girls.

The recent announcement by the British Board of Film Censors that "over-sexy" pictures will be cut or entirely banned has set the American producers talking harder than ever.

They declare that in England the sound of a baby being spanked was eliminated from a recent film, and they quote the censoring of such horror-pictures as "Frankenstein" and "Dracula."

South America has no censor, but the public unofficially fixes rigid limits as to what may be portrayed. A divorce picture is never sent there, since local custom and religion refuse to allow divorce to be regarded for entertainment.

In the Orient no scene may be shown that depicts a dark-skinned man getting the upper hand of a white man. This is not considered conducive to ideas of white supremacy.

Japan allows no kisses whatever on the screen. Bedroom scenes are barred in many countries, while all portrayals of a man striking a policeman.

A school teacher asked the class to tell her what grace was. No one knew.

Teacher (pointing to one boy): "Now, Jimmy, you ought to know, your father being a church elder. What does he say when he sits down at the table before taking breakfast?" Jimmy: "He says, 'Noo, baime, ca' canny' the butter, its hauf a croon the pun'."

## WOMEN'S INSTITUTE NEWS

The May meeting of the W.I. was held at the home of Mrs. John Zeller with a full house. The roll call "Some Agricultural Hobby," proved interesting and enjoyable, as was also a talk on "Gardening" by Mrs. M. Nelson. "Current Events" by Mrs. V. C. Rowley. A delightful lunch was served by the hostess and Mrs. Leslie Marr. A delightful social hour was spent over the tea-cups. The next meeting is at Mrs. H. Phillips. Roll call will be "Proverbs." Mrs. R. Hoskins will give "Current Events."

## BORN

BORN—On Tuesday, May 10th, at Patience, Alta. to Mr. and Mrs. Peter Kavanagh, a daughter.

## Here and There

Practically an egg a day is eaten by every man, woman and child in Canada. The average per capita yearly consumption of eggs in the Dominion is 361, the highest of any country, according to an official computation.

Canada's gold production in 1931 reached the new high total of 2,682,776 ounces valued at \$55,427,900. This is 27.6 per cent above the 1930 production. Of this total the province of Ontario accounted for 2,079,752 ounces valued at \$45,992,288.

New Brunswick can now claim the rare distinction of producing a white squirrel. The animal was caught by Jack Felsing of Fredericton who trapped it near the village of Lincoln. It has been bought by the government and will be mounted and placed on exhibition.

Hon. Cairine Wilson, Canada's only woman Senator, arrived recently at Quebec on board the Empress of Australia, from a trip through Europe. While in London she visited the House of Lords, but could not make comparisons with the Senate since the House was not in session.

Western plains have been given a boost by the rains of the last days of April and farmers of the prairie provinces are cheered by the prospect of good crops, according to information summarized by the Canadian Pacific agricultural department crop report.

Following the announcement of reduced ocean rates on Canadian Pacific ships on the Atlantic, one of the largest passenger liners ever to leave the port of Toronto at this time of year for the Old Country sailed recently aboard the Dominion of York. There were 275 in the party drawn from all parts of eastern Ontario but mostly from Toronto.

The first cases of roses and shrubs from France for Grand Pre Park, Nova Scotia, arrived there recently. They are from Chateaufort, France, the gift of the mayor of that town. Chateaufort is one of the places in France where the exiled scoundrels settled after the Grand Fire.

Four stretches of New Brunswick trout and salmon waters were sold at the Department of Lands and Mines recently for prices totaling \$3,850. These leases for a term of 10 years are on the Restigouche, Kedgwick, Matapeia and Big Seve Rivers and prices paid are the annual rental charges.

Daylight saving time, commencing in Quebec and Ontario provinces May 1, occasioned little confusion on Canadian Pacific travel. Travellers have nowadays learned that the railways remain on standard time and govern themselves accordingly. The railway authorities a number of train time alterations prior to the introduction of daylight saving.

From little Norfolk Island in the South Pacific, one of the smallest units in the British Empire, an excellent sample of beans for exhibition at the World's Grain Exhibition and Conference to be held at Regina July 1933, has just arrived. Norfolk Island is the scene of the punishment of the mutineers of the "Bounty" in 1789 but it has long ago changed from a penal to a prosperous settlement. (341.)

The earliest ranching leases in Western Canada were issued in April and May 1882, and covered as much as 100,000 acres, the annual rent being one cent per acre.

## SUFFERED FOR YEARS FROM CONSTIPATION

MILBURN'S LAXA-LIVER PILLS

Mrs. C. Rafuse, 28 Vernon St., Halifax, N.S., writes: "I had suffered for years from constipation. For several days at a time my bowels would not move and only when seated by laxative, and after a while each kind of laxative I would take seemed to lose its effect until, finally, a friend advised me to use Milburn's Laxa-Liver Pills, and since using same have had no trouble, and I am greatly pleased with the results I have had from these pills."

Price 25c. a box at all drug and general stores, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

## MILLET LOCAL NEWS

Mrs. Corbett of Edmonton, spent a few days of last week in Millet at the home of her daughter, Mrs. Parker.

The W.A. of St. John's parish will hold their meeting during the summer months on the first and third Thursday of each month.

Miss Margaret Smith returned to her home in Millet on Thursday from Winnipeg, where she has been attending Wesley College during the past year.

Mrs. Frank Puroy and kiddies, who have been visiting at the home of Mrs. Puroy's parents, Mr. and Mrs. F. Easterbrook, left for their home at Drimmon, Alta., on Wednesday.

Mrs. J. West, who has been spending some time at Vancouver and Victoria, returned to her home on Saturday. We are very glad to know that Mrs. West's health has greatly improved during her stay at the Coast.

Mr. Johnson, Deputy Executive Commissioner of Scouts, called on Scoutmaster Moore on Sunday last, enquiring of the progress and general Scout work of the local branch. He hopes to be able to meet the boys personally in the near future.

Milletites are looking forward to May 24th, when contesting teams from Conjuging Creek, Ponoka and Leduc will engage our local teams in softball and baseball on the sports grounds. Other attractions will also form part of the annual picnic program. Let's all hope for fair weather.

Rev. Father Foran officiated at Mass in St. Norbert's Church on Sunday, May 15th. After June 1st, he will dispense the clerical duties of St. Norbert's parish from the parish house in Leduc, formerly occupied by Rev. Fr. McQuaid, who expects to be absent for about six months or possibly longer.

A number of the business men of the village are hoping the Department of Public Works will consider the need of the district west of Millet to Pigeon Lake by extending the gravelly relief work to cover the above road. Considering that the district is second to none in the Province, and that the traffic is becoming very heavy for the average dirt road, it seems quite fit that the project should become a certainty during the coming season, or at least in the near future.

## A FEW HOWLERS AND BONERS

These are given in the Journal of Education and indicate the distinction between howlers and boners.

Howlers imply a partial knowledge while boners are sheer ignorance:

1. Similarity of words: "Aerimony, sometimes called holy; is another name for marriage."

2. False inferences, evidently from a dread of saying "I don't know," produces: "A grass widow is the wife of a dead vegetarian." "A buttress is a woman who makes butter." "The anglophile is one who loves fishing."

3. Crossed wires: "Esau was a man who wrote fables and sold his copyright for a mess of potash."

4. Divergent backgrounds: "A

## ST. JOHN'S ANGLICAN

Sunday school, 10:30 p.m.  
Service, 3 p.m.

Mr. G. Foulkes officiating.

## MILLET UNITED CHURCH

Services will be held at the following places on Sunday, May 22:  
Conjuging Lake, 11 a.m.; Hillside, 3:30 p.m.; Millet 7:30 p.m.; Millet Sunday School at 11 a.m.

Rev. H. G. Smith, Pastor.

## ST. NORBERT'S CHURCH

Holy Mass will be celebrated on Sunday, May 22nd, at 9:45 a.m.  
Rev. Fr. Foran, Parish Priest.

# PAIN

## HEADACHES, NEURITIS NEURALGIA, COLDS....

Whenever you have some nagging ache or pain, take some tablets of Aspirin. You'll get immediate relief.

There's scarcely ever an ache or pain that Aspirin won't relieve—and never a time when you can't take it.

The tablets with the Bayer cross are always safe. They don't depress the heart, or otherwise harm you. Use them just as often as they can spare you any pain or discomfort. Just be sure to buy Aspirin and not a substitute.

CHAS. B. GILLES

lock-out is like a strike, only it lasts longer."

We get the following from a pupil who knows what he means, but cannot express himself adequately: "A widow is a wife without a man," and the confusion caused by two ideas whose names have common elements, brings, "Many ships used Calcutta as a coaling station; hence the term 'Black Hole of Calcutta.'"

On May 12th, the Junior Red Cross, embracing in its membership twelve million children, pledged to have managed to hold their own Red Cross principles of health, serenity against plagues.

R. T. Rodd has released 5,000,000 whitefish eggs into Lake Nevala near Cross, embracing in its membership twelve million children, pledged to have managed to hold their own Red Cross principles of health, serenity against plagues.

## Travelling abroad?

## COMMUNITY WELFARE LEAGUE

The heavy season for the usefulness of this League has come to an end. It is very distressing that the want throughout the district has not also come to an end, however, and the fact remains that it has not. The Executive feel that a report of the work done is due to the many friends of the League who have supported it during the past six months and have made its work possible. We have endeavored, through the Press, to convey our thanks to the donors, for whatever they have contributed, as quickly as possible after the gift was made.

We may have missed some out. If this has occurred, we humbly regret the omission, trusting that whoever the party might be will not interpret the omission as anything but an accident.

During the time under review, ninety-four families have been given food or clothing, or both, three hundred and twenty-eight children have been given new or used clothing and shoes. At Christmas time seven hundred toys were distributed to children and thirty-two hampers of seasonable food to families. Three hospital cases were taken care of, four cases where fire had destroyed the homes were helped, and the victim of one accident case was given assistance.

This is not a bad record when it is borne in mind that it was done with out one nickel of remuneration of any kind by the committee in charge, or any person connected with the League. Every cent that has been given, every article of clothing or food has gone to some needy or hungry person in its entirety.

In closing, we would like to draw the attention of everyone to the fact that we are still getting calls for assistance. We have a little money on hand, but our supplies of clothing are entirely gone. If you still have anything that might be useful to some needy person, if you will let any member of the League know, it will be gratefully received and disposed of to the best advantage.

F. E. Aboussay, President,  
Mrs. J. E. Burkholder, chairman, dis-  
tribution committee.  
Mrs. J. H. Walker, treasurer,  
Godfrey Baker, secretary.

The creameries of Alberta received 1,253,663 pounds of butterfat in cream during the four weeks ending April 30, a decrease of 11,892 pounds or 0.93 per cent under the receipts of the corresponding weeks of 1931, and an increase of 488,463 pounds, or 65.6 per cent over the receipts of April, 1930, according to a provincial government report.

All services conducted in the English language. Visitors will find a cordial welcome and helpful services, lively singing and sound Gospel preaching.

Watch Church announcement.

Are you  
handi-  
capped  
at the office?

To put in a full day's work, you need a full man's strength. A man, half-sick from constipation, has less chance to succeed in today's keen competition.

This insidious condition often causes headaches, loss of energy, sleeplessness. It takes the edge from your working hours.

Laboratory tests show Kellogg's ALL-BRAN supplies "bulk" to exercise the intestines, and Vitamin B to tone the intestinal tract. ALL-BRAN also has iron for the blood.

The "bulk" in ALL-BRAN is similar to that of lettuce. Within the body, it becomes a soft mass, which gently clears the intestines of wastes. How much better than using pills and drugs—so often harmful.

Two tablespoons daily will correct most types of constipation. ALL-BRAN is not habit-forming. If your intestinal trouble is not relieved this way, see your doctor.

At all grocers. In the red-and-green package. Made by Kellogg in London, Ontario.

CREAM GRADING

CHARGE IN EFFECT

Alberta cream grading passed

entirely into the hands of licensed

men on the staffs of creamery

operators of the 92 butter plants in

the province on Monday with the

dropping of the last 15 government

graders. At one time there were 76

government graders.

There will be the same govern-

ment supervision by the six in-

spectors of the provincial dairy

branch. High standards of Alberta

grading will be maintained.

In accordance with notice given

a month ago, 15 men were

dropped from the government

payroll but Dr. C. P. Marker, dairy

commissioner, stated Monday that

possibly all had been absorbed by

the industry, at least 14 having

definitely reported they had been

engaged. "It is very satisfactory to

have these qualified and experi-

enced men remain in the service,

and in most cases where they were

recently stationed," said the com-

missioner.

The industry always paid for the

inspection but operators urged the

large plants be put on the same

basis as smaller ones to reduce

costs.

DEGREES GIVEN

317 AT VARSITY

Edmonton, May 13.—Hundreds of

relatives and friends from many parts

of the province in attendance and the

growing difficulty of the individual of

receiving higher education, 317 stu-

dents received their degrees, as com-

pared with 300 last year and 237 in

the previous year.

Consider the other fellow. Don't

allow your chickens or your dog to

run around and scratch up the neighbor's

garden or flower bed. Don't go

driving or tramping over the boulevard

of a citizen who has taken pains to

have it present a good appearance.

The beauty of a town is made up of

individual beauty spots and everyone

should take a pride in these lovely

spots, even if they belong to some

other citizen
